

Employment

Members of the Ray E. Helfer Society may submit employment opportunities to be posted on this web page. Submissions should be **400 words or less**, provided in Microsoft Word or Standard Text format, and should be e-mailed to info@helfersociety.org. Your submission may include a link to your web site where more detailed information can be found, as well as an e-mail address for requesting more information. Postings will remain live on the web site for **four months**

unless:

-

the position is filled and you e-mail the Society asking for the posting to be removed; or

-

the position has not been filled and you e-mail the Society asking for the posting to remain for an additional four months.

The Society does reserve the right to deny requests that it deems are not relevant to the Society's purpose and membership, as well as the right to edit submissions that exceed 400 words in length.

Child Abuse Pediatrician | Knoxville, TN

East Tennessee Children's Hospital in Knoxville, TN is seeking a Child Abuse Pediatrician to join our team as part of our succession planning. East Tennessee Children's Hospital (ETCH), a comprehensive medical center with more than 100 pediatric sub-specialists, serves patients throughout the East Tennessee region.

This position works within a multidisciplinary team of physicians, hospital social workers, child protective services and law enforcement agencies to gather information and represent patient medical concerns. The physician will provide inpatient and ambulatory clinical care in a subspecialty area within the evaluation and management of infants, children and adolescents for suspected child abuse and neglect.

The ideal candidate will be board-certified or board-eligible, fellowship trained in Child Abuse Pediatrics and hold a valid TN medical license.

At East Tennessee Children's Hospital, care is at the CORE of who we are. We are comprised of team members who live out our core values of Compassion, Ownership, Respect and Excellence. We support each other by fostering a culture of team engagement that creates moments that matter – every interaction, every time.

This position includes a highly competitive salary and robust benefit package, along with productivity and quality-based incentives.

East Tennessee offers a blend of small-town southern charm and big-city opportunity. We are known for our hospitality, affordability, and convenience. Nestled in the foothills of the Great Smoky Mountains, Knoxville sits on the banks of the Tennessee River and offers outdoor enthusiasts a wealth of possibilities. There are over 50 miles of multi-use trails in the Knoxville Urban Wilderness and an expanding array of local breweries and restaurants, many of which can be reached by Knoxville's growing greenways. Knoxville is experiencing steady growth, but still maintains a small town feel where no one meets a stranger! This area offers great educational opportunities and is a wonderful place to raise a family and continue your medical career.

Please contact Linda Cox-Collier, LCoxcollier@etch.com or 865-541-8532, to learn more about this unique opportunity.

Child Abuse Pediatrician | San Antonio, TX

The Division of Child Abuse, Department of Pediatrics, Joe R. & Teresa Lozano Long School of Medicine at UT Health San Antonio is recruiting for an academic faculty position as Assistant or Associate Professor/Clinical to fill a full-time position. Academic rank will be determined based on qualifications and experience. We are seeking recent graduates and/or experienced

physicians who are BC/BE in Child Abuse Pediatrics to work alongside our multidisciplinary team of three child abuse pediatricians and a Sexual Assault Nurse Examiner. The selected candidate will be responsible for evaluating children and adolescents who are suspected victims of abuse and /or neglect including inpatient and outpatient assessments, as well as providing case consultations and court testimony, teaching fellows, residents and medical students, and collaborating with community agencies and investigators.

The Division of Child Abuse Pediatrics at UT Health San Antonio is at the forefront of education, research and advocacy in the emerging field of Child Maltreatment and our faculty have served as leaders of numerous professional organizations including the American Academy of Pediatrics Council on Child Abuse and Neglect, the American Board of Pediatrics, and the Texas Pediatric Society (AAP Texas state chapter). We serve a culturally and demographically diverse patient population, evaluating over 3,000 children each year for suspected abuse and neglect. As a member of our team, you will join our faculty in evaluating patients at three large children's hospitals, in our outpatient clinic (the CHRISTUS Children's Center for Miracles) and through an innovative statewide online consultation program.

As the largest health center and research university in South Texas, UT Health San Antonio is composed of five professional schools—all dedicated to the University's missions of education, clinical care, research, and community service. The position offers a competitive salary with supplemental loan repayment for eligible applicants, a comprehensive benefits package, and a generous retirement plan.

San Antonio is one of the fastest growing, most affordable cities and the seventh largest in the U.S. The city boasts the picturesque River Walk, numerous historic sites including the iconic Alamo, major theme parks, and a diverse dining scene. Nearby outdoor attractions include the Texas Hill Country and Gulf Coast beaches.

Please visit the UT Health candidate portal <https://uthscsa.referrals.selectminds.com/faculty> to apply for position # 23002018

UT Health San Antonio is an Equal Employment Opportunity/Affirmative Action Employer including protected veterans and persons with disabilities. All faculty appointments are designated as security sensitive positions.

Child Abuse Pediatrician | Akron OH

We are seeking a full-time Child Abuse Pediatrician to join our Children at Risk Evaluation (CARE) Center. The candidate should be a BC/BE Child Abuse Pediatrician, or a BC General Pediatrician with experience in child abuse and neglect.

The CARE Center evaluates and initiates treatment for children of suspected physical or sexual abuse and neglect. We have a team of doctors, nurses, and social workers (dedicated to the Center) who evaluate children and teens referred by private physicians, law enforcement agencies, child protection agencies and other community agencies. Our team also provides consultation services for suspected child maltreatment cases admitted to our inpatient units. We are an accredited Child Advocacy Center (CAC) through the National Children's Alliance.

This position is a 501(c)(3) site which qualifies for Public Service Loan Forgiveness through the Federal government.

This opportunity offers:

- Attractive guaranteed base salary
- Starting Bonus paid upon receiving medical staff privileges
- Comprehensive benefits package
- Occurrence based malpractice
- Relocation assistance
- Student loan repayment strategies with The Fiducius Team

Hospital Overview

Akron Children's has been caring for children since 1890. With two hospital campuses, 6 regional health centers and 50+ primary and specialty care locations throughout Ohio, we're making it easier for today's busy families to find the high-quality care they need. We also partner with other health systems to bring our neonatal and pediatric expertise to patients in their community hospitals.

Ranked among America's Best Children's Hospitals by Newsweek in 2022 and 2023, Akron Children's Hospital is the largest pediatric healthcare system in Northeast Ohio. With more than a million patient visits a year, we've been leading the way to healthier futures for children through quality patient care, education, advocacy, community service and medical discovery for more than 130 years! Through a combination of revolutionary treatments and extraordinary patient experiences, our care does more than heal. It brings the entire family together for emotional support and understanding across multiple locations to reach patients and families in the communities they live.

The resources available to our physicians, the cutting-edge technology, the collaboration from all departments and the cohesive nature in which we work allow us to live our mission and truly treat every child as we would our own.

Visit www.akronchildrens.org to learn more or apply online or contact Shawna Roach at sroach@akronchildrens.org for more details.

Child Abuse Pediatrician | Madison, WI

The Division of Child Protection within the Department of Pediatrics at the University of Wisconsin School of Medicine and Public Health is recruiting a pediatrician with an interest and expertise in child abuse pediatrics. This position provides clinical services for victims of suspected child maltreatment and has the potential to develop into leadership opportunities.

The Department of Pediatrics is a vibrant academic department comprising more than 200 faculty members in 16 subspecialty divisions. The department promotes and enhances the health of children through outstanding clinical care, exemplary education of pediatric trainees, performance of cutting-edge research, and vigorous advocacy. Our faculty enjoy a robust infrastructure of services as well as the opportunity to contribute to our world-class research portfolio — since 2015, the department has ranked among the Top 20 pediatrics departments receiving NIH funding.

Position Responsibilities:

- Participate in administrative and committee work to support the clinical and scholarly missions of UW Health and the School of Medicine and Public Health. An essential part of these duties will be working in a collegial relationship with other faculty members.
- Provide inpatient consultations and outpatient care at the American Family Children's Hospital and other UW Health approved locations.
- Coordinate and collaborate with child protective services, law enforcement, and other community partners will also be expected.
- Carry out independent research/scholarly activity in an area of interest to the candidate and the division (optional for the Clinical Track).
- Teach a variety of learners, including medical students, residents, and fellows.

Benefits:

- A robust compensation and benefits package
- Eligibility for Public Service Loan Forgiveness
- Relocation and Sign-On Bonuses
- Generous PTO Benefits

Position Qualifications:

- MD, DO, or equivalent is required.
- BC/BE in Child Abuse Pediatrics is preferred.
- Completion of an accredited pediatric residency program is required.
- Completion of an accredited fellowship training program in child abuse pediatrics is preferred.
- Candidate is required to have or be eligible for a Wisconsin medical license.
- Must be eligible for enrollment as a billing provider and for all necessary hospital privileges.

Child Abuse Pediatrician | Phoenix, AZ

The Child Protection Team at Phoenix Children's is seeking a full time BC/BE Child Abuse pediatrician or pediatrician with significant interest in serving children who are suspected victims of child maltreatment to join the Child Protection Team.

The Child Protection Team at Phoenix Children's partners with several regional advocacy center sites throughout the county and its surrounding areas. The various advocacy centers include multidisciplinary partnering agencies such as law enforcement, children's services, victim advocates, and mental health clinicians.

Physicians work with a team to provide services at Phoenix Children's as well as three advocacy sites – Childhelp Children's Advocacy Center of Arizona, Mesa Family Advocacy Center, and Southwest Family Advocacy Center in Goodyear.

- Team consists of one board certified CAP, one board eligible CAP, one full time pediatrician, four nurse practitioners, two forensic nurses, three dedicated forensic interviews plus excellent support staff
- Provide consults for hospitalized patients, ED patients, and advocacy center patients
- Call coverage shared equally amongst the physicians and nurse practitioners
- Opportunity for continued program development, committee participation and research
- Teaching opportunities throughout Phoenix Children's Hospital Residency program, fellows, and medical students as well as community education
- Opportunity for academic appointment at the University of Arizona College of Medicine
- Hospital-employed position offering competitive compensation, comprehensive benefit package and relocation assistance.

About Phoenix Children's

Phoenix Children's is one of the Nation's largest pediatric health systems. It comprises Phoenix Children's Hospital—Main Campus, Phoenix Children's Hospital—East Valley at Dignity Health Mercy Gilbert Medical Center, four pediatric specialty and urgent care centers, 11 community pediatric practices, 20 outpatient clinics, two ambulatory surgery centers and six community-service-related outpatient clinics throughout the state of Arizona. The system has provided world-class inpatient, outpatient, trauma, emergency and urgent care to children and families for more than 35 years. Phoenix Children's Care Network includes more than 850 pediatric primary care providers and specialists who deliver care across more than 75 subspecialties.

Every day our clinical, professional and support staff work collaboratively to deliver on our mission to provide hope, healing and the best health care for children and their families. They embrace the challenges of providing compassionate, high-quality, family-centered care to the most complex patients in the region.

Interested applicants, please send CV to:

Raye Jean Becker, Sr. Physician Talent Acquisition Partner
Phoenix Children's, 1919 E. Thomas Rd, Phoenix, AZ 85016

BC/BE Child Abuse Pediatrician | Pittsburgh, PA

The Division of Child Advocacy at University of Pittsburgh Medical Center (UPMC) Children's Hospital of Pittsburgh is seeking a BC/BE Child Abuse Pediatrician to join the Child Advocacy team. The candidate will join eight other faculty members in a highly respected Division of Child Advocacy. Rank and salary will be commensurate with experience.

This position is in a National Children's Alliance (NCA) accredited hospital-based child advocacy center which serves a 23-county region of Western Pennsylvania, as well as several counties in Eastern Ohio and West Virginia. The medical staff evaluate children with suspected physical abuse, sexual abuse, and neglect in inpatient and outpatient settings. There are numerous opportunities for teaching an array of learners, including trainees, medical staff, and community partners. In 2023, the medical team evaluated more than 300 inpatients, the forensic interviewing team performed over 400 forensic interviews, and the outpatient clinic (which provides primary care to children in the foster care system, follow-up care to inpatients, and outpatient evaluations for abuse and neglect) evaluated more than 1200 children. Opportunities abound for research, continued development of clinical services, academic pursuits, and advancement of professional growth.

Named to the Top 10 Honor Roll on U.S. News & World Report's 2023-2024 list of "Best Children's Hospitals," UPMC Children's Hospital of Pittsburgh is a 315-bed, free-standing children's hospital located in the Lawrenceville neighborhood of Pittsburgh, Pennsylvania. Pittsburgh has a rich cultural heritage, diverse neighborhoods, superb public transportation, and multiple institutions of higher learning. UPMC Children's Hospital cares for over 80% of all hospitalized children in a large catchment area which includes Western Pennsylvania, Eastern Ohio, Northern West Virginia, and Southwestern New York. Overlooking the Allegheny River and much of the metropolitan area, the hospital is minutes away from the downtown cultural district, home stadiums for three major sports teams, an internationally recognized culinary scene, and renowned centers of higher education.

We seek candidates who embrace and reflect diversity. The University of Pittsburgh and UPMC Children's Hospital of Pittsburgh are equal opportunity employers. Minorities/women/individuals with disabilities/veterans are encouraged to apply.

Interested candidates should forward their CV to:
Melanie Claypoole
Administrative Supervisor, Division of Child Advocacy

Children's Advocacy Center Pediatrician | San Jose, CA

County of Santa Clara Health System (CSCHS), a large public healthcare system in Silicon Valley, is seeking a full-time BE/BC pediatrician, with fellowship training in child abuse pediatrics, with an interest in advocacy for vulnerable children and youth to join the staff of the new Medical Clinic at the Children's Advocacy Center of Santa Clara County.

About the Position:

The responsibilities of the Children's Advocacy Center (CAC) Pediatrician include clinical, administrative, and systems' development roles.

A. Clinical Responsibilities:

1. Forensic evaluations for child sexual abuse, child physical abuse and neglect at the Medical Clinic at the Children's Advocacy Center and at Santa Clara Valley Medical Center (SCVMC). Clinical hours and call schedule to be determined.
2. Consultation in child physical abuse and neglect, when requested by the Department of Family and Children's Services (DFCS/CPS), Law Enforcement, the District Attorney's Office, and clinical providers within SCVHHS, inpatient and outpatient, and affiliated external clinics.
3. Collaboration with the Pediatric Diagnostic Center, which will open doors in 2022, co-located with the CAC. The candidate will have potential opportunities to participate in developmental assessments in collaboration with multidisciplinary teams.
4. Supervision of CAC advanced practice providers (physician's assistants and nurse practitioners).

B. Administrative Responsibilities:

1. Provide ongoing education and develop educational materials for staff pediatricians, residents, and physicians regarding signs and symptoms of abuse and neglect.
2. Provide annual training for the pediatric and emergency departments regarding mandatory reporting requirements and recognition of signs and symptoms of child abuse.
3. Support SCVMC's Child Abuse Prevention Committee, an internal to SCVMC cross-disciplinary team that evaluates quality of abuse evaluations across SCVHHS, and supports educational efforts
4. Collaborate with our county and community partners to develop a centralized trauma-informed resource for children who have survived child abuse and neglect. These partners include Behavioral Health, Dept. of Family & Children Services (DFCS), Kinship and Foster Parent Association (KAFTA), Juvenile Court, Probation, District Attorney's Office, County Superintendent of Schools, and Santa Clara County First 5.
5. Represent SCVMC on county-wide organizations who advocate for children's health and safety.

Compensation and Benefits:

We offer competitive compensation, generous comprehensive benefits package (including 54 days of leave per year) and paid malpractice with tail-coverage. CSCHS is an Equal Opportunity employer.

If you are interested, please submit your CV and cover letter to MD.recruitment@hhs.scgov.org .□□

Child Abuse Physician or Advanced Practitioner | Eugene, OR

Are you a compassionate and dedicated medical professional with a passion for keeping children safe? Do you seek a fulfilling position within a dynamic team? Kids FIRS, a nonprofit Children's Advocacy Center in beautiful Eugene, Oregon seeks a licensed physician or advanced practitioner trained in the evaluation, diagnosis, and treatment of child abuse, to perform medical evaluations of suspected child abuse victims.

Responsibilities include, but are not limited to:

1. Perform sensitive and thorough medical examinations of children for whom there are concerns of child abuse and/or neglect, including colposcopy and team participation during child interviews.
2. Gather comprehensive social and medical history from parent and/or patients and review other relevant case information.
3. Collaborate on a Multidisciplinary Team (MDT), comprised of representatives from Law Enforcement, the District Attorney's office, Department of Human Services, and other community agencies who work to collaboratively manage and prevent cases of child maltreatment
4. Testify in court, as necessary
5. Complete all required documentation and reports in a timely manner, ensuring the product is well-organized and professionally written
6. Review medical records and/or provide medical consultation as requested by community partners (often related to Karly's Law)
7. Maintain professionalism and expertise in child abuse issues, general pediatric issues, and medical evaluation standards by receiving related continuing education and staying abreast of current research
8. Work collaboratively in a team environment with a spirit of cooperation. Foster positive relationships with community partners and team members, promoting a collaborative approach

to child welfare

9. Provide after-hours on-call phone consultation on a rotating schedule.
10. Track and report on program related activities as required by the CAC and it's funders

Essential Requirements:

1. Licensed to practice medicine in Oregon, with pediatric or family medicine experience.
2. Preferably trained in pediatric exams and forensic evidence collection.
3. Familiarity with HIPAA standards and ethical patient care guidelines.
4. Excellent communication skills, capable of working with diverse populations.
5. Competency in trauma-informed care

Compensation:

Salary range is competitive and DOE. Excellent benefits package offered, including 100% employer-paid medical, dental and vision for employee and family, EAP program, 3% retirement match, employer-paid mental health HRA, FireMed membership, paid holidays and paid time off.

To Apply: If you're ready to make a difference in the lives of children and families, contact Sarah Stewart, Executive Director, at Sarah@kidsfirstcenter.net

Don't miss this opportunity to join Kids FIRST, named one of Oregon's Best 100 Nonprofits to work for three years running. Signing bonus/relocation support provided for experienced CAC providers!

Division Chief, Child Abuse Pediatrics | San Diego, CA

[The University of California, San Diego](#) is committed to academic excellence and diversity within the faculty, staff, and student body. The Division of Child Abuse Pediatrics within the Department of Pediatrics at UC San Diego and Rady Children's Hospital-San Diego is currently seeking to fill the position of Division Chief.

The Chadwick Center at RCHSD is one of the largest hospital-based child advocacy and trauma treatment centers in the nation, with a staff of 75 professionals (medicine, social work, psychology, psychiatry, child development, nursing, education, technology). The Chadwick Center provides child abuse medical services for San Diego, Imperial, and southern Riverside counties, a region with over 3 million people. Child abuse pediatricians oversee a 24/7 response to acute child/adolescent sexual assault and provide continual telephone availability to the community to triage and manage medical intervention for maltreatment issues.

The Division Chief will report to the Chair of the Department and work closely with the other Division Chiefs and Vice Chairs in the Department of Pediatrics. The Division Chief will oversee the clinical, research, and educational activities of the Division, lead recruiting efforts, and ensure career mentoring for all faculty and fellows in the Division. The Division Chief also will be expected to support the mission of delivering high-quality care, teaching, and scholarly activities, while promoting an environment that supports diversity, equity, and inclusivity among faculty, students, and staff.

Candidates must have an MD or equivalent. Candidates must have or be eligible for a California medical license or equivalent certification/permit as determined by the California Medical Board. Candidates must be board-certified or board-eligible in Child Abuse Pediatrics.

Candidates must have a minimum of two years of demonstrable leadership experience and experience in leading a Pediatric division.

Apply to: <https://apol-recruit.ucsd.edu/JPF03913>

The appropriate series and appointment at the Associate or Full Professor level will be based on the candidate's background and experience.

A link to full descriptions of each series is provided for your review:

[HS Clinical Professor](#)

[Clinical X Professor](#)

References may be requested from finalists.

The posted UC Salary scales set the minimum pay at the appointment as determined by appointment type and if applicable, rank and/or step. The base pay range for this position is \$195,000 - \$225,000. Salary is negotiated annually. Additional compensation may be available if the position includes membership in the Health Sciences Compensation Plan. UC Salary information can be found [here](#).

As a member of the Health Sciences Compensation Plan, the appointee should be aware that there are limitations on outside professional activities, and clinical moonlighting is expressly prohibited. Additional information can be found [here](#).

As a University employee, you will be required to comply with all applicable University policies and/or collective bargaining agreements, as may be amended from time to time. Federal, state, or local government directives may impose additional requirements. The University of California, San Diego is an Equal Opportunity/Affirmative Action Employer advancing inclusive excellence. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, covered veteran status, or other protected categories covered by the UC nondiscrimination policy.

Child Protection Team Physician | Miami, FL

The University of Miami Health System is initiating a search for a Child Protection Team Physician.

The State of Florida, Department of Health (DOH), contracts with the University of Miami, Department of Pediatrics to provide for a coordinated interdisciplinary team approach for the evaluation, diagnosis and treatment of child maltreatment. The Child Protection Team is a Florida-statutory mandated program to assist the Department of Children and Families (DCF) during the investigation of suspected child maltreatment. The CPT is available on a 24-hour basis and provides a unique array of services for over 1,500 children (birth to eighteen) a year in Miami-Dade and Monroe Counties.

Essential Job Functions:

- Provide forensic medical examinations/consultations and create medical reports for children alleged to have been maltreated (abused and/or neglected):
 - Perform complete physical examinations on referred children,
 - Triage cases with CPT case coordinator and provide initial assessment of cases referred to the Team by DCF, law enforcement or medical providers,
 - Review the interviews of children and their caregivers prior to examination,
 - Obtain or review the current medical status and the past medical history of the children being examined,
 - Order and arrange for indicated imaging and laboratory studies, if necessary,
 - Provide follow-up on hospitalized cases and monitor post-discharge follow-up,
 - Perform sexual abuse examinations, including photographic documentation, as needed.
 - Must be available for 24-hour on-call rotation, including weekends and holidays, for triage and emergent medical examinations in the CPT office or in hospitals.
- Determine need for orders and obtain appropriate diagnostic studies (lab tests, procedures, etc.),
- Assist psychologist in identifying behavioral problems and diagnoses.
- Arrange for outpatient studies or consults as indicated or at the request of the Medical Director.
- Be available to review Hotline reports to determine which cases are mandatory referrals to CPT.
- Remain current on child maltreatment literature and the special medical and psychological needs of foster children, including Florida statutes and DCF/DOH rules and regulations.
- Participate in staff development,
- Provide in-service training,
- Provide community outreach education.
- Provide expert testimony via depositions or court testimony per subpoena; participate in pre-filing and pre-trial conferences as needed.
- Perform other duties as assigned by the Medical Director.
- This position will be responsible for pediatric medical examinations and consultations, coordinating services, public speaking, and training

Essential Job Requirements:

- MD/DO required

Child Abuse Physician | University of California, Davis - Sacramento, CA

UC Davis Children's Hospital seeks a Board-Certified/Board-Eligible Child Abuse Pediatrician. The successful candidate will lead an existing team of two physicians providing consultations for suspected child abuse and neglect in a busy regional pediatric center in Northern California.

Opportunity Highlights

- Provide consultations for suspected child abuse and/or neglect in a busy Level 1 Pediatric Trauma Center. Consultations are performed in the Pediatric Emergency Department or on the Pediatric Inpatient Service, including a 24 bed PICU.
- Work collaboratively with local child abuse agencies, law enforcement, and district attorneys; provide expert testimony; participate in county multidisciplinary death review and Suspected Child Abuse and Neglect (SCAN) committees, case reviews, educational programs, and other child abuse-related activities.
- Provide training and supervision for residents, medical students, and other hospital staff.
- Help grow the CIRCLE Clinic, a medical home for children in foster care providing primary care services integrated with mental health and developmental-behavioral health assessments and linkages to specialty care and community services in Sacramento.
- Be a partner in research, training, and/or outreach with the UC Davis Child and Adolescent Abuse Resource and Evaluation (CAARE) Diagnostic and Treatment Center, a nationally recognized program for the psychological evaluation and treatment of child maltreatment as well as training of mental health providers.
- Join one of the only health systems in the region providing this level of coordinated care.

Community Highlights - Desirable Metro in Beautiful Northern California

Sacramento, CA, offers a significantly lower cost of living than San Francisco, Los Angeles, San

Diego, and other parts of California. One of the state's most historic areas, California's capital city is filled with community events and activities and endless opportunities to experience adventure in the surrounding scenic nature.

- Sacramento is California's best place to live (Forbes 2023)
- Sacramento's cost of living is 40% lower than San Francisco's.
- Remarkable housing options include access to a paid-for concierge service Capitol Resource Network for house hunting (<https://academicaffairs.ucdavis.edu/capital-resource-network>)
- Access to UC Davis Mortgage Origination Program once the appointment is final (<https://frontdoor.ucdavis.edu/housing/mop>)
- Access to plenty of big-city amenities, including a vibrant downtown area, professional sports, and an international airport.
- Enjoy convenient proximity to Lake Tahoe, wine country, beaches, and San Francisco Bay Area
- US News ranks California #5 in Best States for Healthcare and #10 in Economy

Child Abuse Pediatrician | Suburban Chicago

Advocate Children's Hospital (ACH) and Advocate Medical Group (AMG) are seeking a full time BC/BE Child Abuse Pediatrician to join our growing team. ACH is the largest network provider of pediatric services in Illinois and among the top 10 in the nation. ACH has two Chicagoland campuses– Oak Lawn in the southwest and Park Ridge in the northwest, and additional services accessible throughout the state. With 259 beds at our 2 main sites, ACH serves as a major referral center for infants and children. Through a special, holistic approach, ACH combines some of the country's most respected medical talent with exceptional and compassionate care. We serve more children in the state than any other pediatric provider.

About this role:

- The Child Protection Team consists of a full-time Board-Certified Child Abuse Pediatrician, Pediatric Nurse Practitioner, SANE coordinator, Pediatric Hospitalist and dedicated LCSW. Additional pediatric social workers and child life specialists work closely with the team.
- Provide Inpatient & outpatient consultations within a collaborative multi-specialty pediatric center
- Provide follow-up and consultation for children already reported to DCFS for abuse/neglect
- ED follow-up for sexual abuse victims
- Partner with several area child advocacy center sites and associated community partners
- Educate medical residents and community partners
- Help train and provide peer review/support for existing SANE program in the ED
- Provide phone support during some evenings and weekends
- Our ideal candidate is a BC/BE Child Abuse Pediatrician interested in working collaboratively with the existing Child Protection Team as we expand our services to the community

Interested candidates should apply at: <https://www.advocateauroracliniciancareers.org/jobs/pediatrics-child-protection-park-ridge-illinois>

BC/BE Child Abuse Pediatrician | Louisville, KY

Norton Children's Pediatric Protection Specialists, affiliated with University of Louisville School of Medicine, is seeking **multiple** BC/BE Child Abuse Pediatricians to join our program. Our team of 14 professionals currently includes a child abuse pediatrician, 4 nurse practitioners, 6 clinical forensic nurses, a social worker, a program manager, a clinic coordinator, and a fellowship coordinator. We evaluate children from across Kentucky and Southern Indiana with concerns of child maltreatment.

Our team evaluates children at Norton Children's Hospital, a free-standing tertiary/quaternary

care facility, and we perform case reviews for children who are not seen in person. We are opening a new outpatient clinic in April 2024 as part of our newly established Norton Children's Center for Safe & Healthy Kids. Our child abuse pediatrician(s) works in tandem with a nurse or nurse practitioner on cases, with responsibility for evaluation, case management, report writing, and court testimony when needed. We embrace diversity and social justice in all we do. Our culture is warm, inclusive, friendly, determined, and practical. Our team works closely together to best serve the needs of our patients, who are always our top priority. We also have an ACGME-accredited Child Abuse Pediatrics Fellowship Program, which is currently "on hold" until we can hire a second full-time child abuse pediatrician.

About the Position

- Our team is unique in our use of clinical forensic nurses as physician-extenders; nurses and nurse practitioners take first call and collaborate with the on-call physician for every patient
- As an academic child abuse pediatrician and full time faculty member of the University of Louisville Department of Pediatrics, there is robust support for clinical research, academic pursuits, teaching, and advocacy from the University of Louisville Department of Pediatrics, throughout the medical school, and in the community
 - Abundant opportunities for community engagement and policy/prevention work and engagement with students, residents, fellows and community providers and partners
 - Opportunities to sit on/lead multiple state and local boards and teams
 - Ideal candidate is friendly, enthusiastic, a great team player, an excellent communicator, and dedicated to doing the right thing for our patients
 - Our team was recently awarded \$6 million from the Commonwealth of Kentucky to help fund the Norton Children's Center for Safe & Healthy Kids. We're growing!

Requirements for the position

- Medical degree/diploma
- Board certified/board eligible for both general pediatrics and child abuse pediatrics
- Kentucky medical license or license eligible

Please contact Melissa Currie, MD at melissa.currie@louisville.edu if interested.

Child Abuse Pediatrics Attending Physician/Faculty Opportunity | Chicago, IL

The Department of Pediatrics at Northwestern University Feinberg School of Medicine seeks a full-time non-tenure-eligible Clinician-Educator at the rank of Instructor or Assistant Professor for the role of Attending Physician in the Division of Child Abuse Pediatrics. Responsibilities include excellence in delivery of care, research, education, and advocacy. The position offers a competitive salary and benefits package.

Qualified candidates will possess outstanding clinical and teaching skills. Candidates for the position will be board-certified or board-eligible in child abuse pediatrics. Salary is commensurate with rank and experience. The start date is negotiable and the position will remain open until filled.

The Protective Service Team includes four child abuse pediatricians, one pediatrician with expertise in child abuse pediatrics, three child abuse pediatrics fellows, a research director, research coordinators/associates, administrative staff members, and a group of experienced social workers who provide on-site consultation 24/7. The team evaluates approximately 500 children per year in the inpatient and outpatient settings. In addition, the team physicians have the opportunity to participate in a unique outpatient clinic, the Forensic Assessment for Immigration Relief (FAIR) Clinic. The FAIR Clinic conducts medical and mental health evaluations of children seeking asylum in the United States.

Ann & Robert H. Lurie Children's Hospital of Chicago (Lurie Children's Hospital) is a free-standing children's hospital located just off the magnificent mile and Lake Michigan, and adjacent to the Northwestern University Feinberg School of Medicine campus. It has more than 1,100 pediatric specialists focusing on 70 specialties in multiple locations and routinely provides care to more young people than any other Chicago-area hospital or medical center. The patient population represents a broad spectrum of socioeconomic status, ethnic background, and geographic distribution that ranges from the immediate Chicago area as well as a referral population throughout Illinois and several surrounding states.

Chicago is a world-class city that is home to hundreds of the most diverse and culturally rich neighborhoods in America. The city has world-championship sports teams, renowned architecture, award-winning theater, numerous parks and beaches, over 7,000 restaurants, and much more.

Applications will be accepted until the position is filled.

Northwestern University is an Equal Opportunity, Affirmative Action Employer of all protected classes, including veterans and individuals with disabilities. Women, underrepresented racial and ethnic minorities, individuals with disabilities, and veterans are encouraged to apply. Hiring is contingent upon eligibility to work in the United States.

Interested candidates should electronically submit a cover letter, CV and three letters of recommendation to Norell Rosado, MD, Head, Division of Child Abuse Pediatrics, at nrosado@luriechildrens.org.

Medical Director of the Child Advocacy and Protection Program | Cleveland, OH

In partnership with CareerPhysician, the **Department of Pediatrics at University Hospitals Rainbow Babies & Children's Hospital (UH/RBC)**, an affiliate of Case Western Reserve University School of Medicine (CWRU), is conducting a national search to identify a **board certified/board eligible Child Abuse Pediatrician, or having experience as a Child Abuse Pediatrician to serve as the Medical Director of the Child Advocacy and Protection Program.**

Candidates with experience in all aspects of child maltreatment and neglect, including physical and sexual abuse, neglect, and medical child abuse are welcomed at **any academic rank** with opportunities to support a clinician, educator, as well as those seeking resources to launch/bolster their research career.

About UH/Rainbow Babies & Children's Hospital

Located in Cleveland, OH, and recognized as the best in newborn care in northern Ohio by US News & World Report, UH/RBC is a 244-bed renowned children's hospital and a principal referral center for the region. Cleveland's only full-service, free-standing children's hospital, and home to the only Level I Pediatric Trauma Center in northern Ohio, Rainbow combines family-centered quality care, advanced treatments, and the latest innovations to deliver the complete range of pediatric services for more than 740,000 patient encounters annually.

- The Medical Director of Child Advocacy and Protection will have the unique opportunity to collaborate with multiple organizations and be part of the establishment of one of Cuyahoga County's greatest assets to the community, namely the Canopy Child Advocacy Center.
- In December 2022, Cuyahoga County Health and Human Services awarded the Canopy Child Advocacy Center (www.canopycac.org) \$5.8 million dollars over 3-years to develop a child protection team in Cuyahoga County.
- **Opportunity for candidates with research interests to grow research careers.**
- Seeking individuals that exemplify but not limited to:
- Excellent communication and interpersonal skills.
- Commitment to upholding ethical standards and advocating for the well-being of children.
- Ability to work effectively in a multidisciplinary team environment.

If you would like to learn more about this opportunity or provide candidate recommendations, please contact Marcel Barbey at **817-707-9034** or marcel@careerphysician.com . Initial conversations will be held in the strictest of confidence for the protection of each candidate and their current endeavors.

University Hospitals Rainbow Babies & Children's Hospital is an AA/EOE/ADA employer committed to excellence through diversity.

Child Abuse Pediatrics Faculty Position | ☐ Rochester, NY

We are currently seeking to fill a faculty position in Child Abuse Pediatrics in the Division of General Pediatrics. This is a vibrant multidisciplinary Division with approximately 100 faculty, fellows, and staff that participate in active clinical, research, and educational programs focusing on improving child health in the local community and beyond. The REACH program (Referral and Evaluation of Abused CHildren) of Golisano Children's Hospital provides medical evaluations for children who may be victims of sexual or physical abuse. The REACH program acts in partnership with the Bivona Child Advocacy Center and other community agencies. This physician role will include working collaboratively with the REACH Program staff in offering these medical services in our county and surrounding region.

REACH

The REACH Program is where our missions of caring, discovery, teaching and learning become a reality. Our program is the medical component of a multidisciplinary team comprised of child protective services caseworkers, forensic interviewers, law enforcement investigators, family advocates, counselors and attorneys, many of whom are co-located at the Bivona Child Advocacy Center. We make every effort to serve the needs of children and their families in a relaxed and friendly setting. This position includes participation in clinical service in both inpatient and outpatient settings. Clinical activities include:

- Serving as a physician in our REACH program.
- Working with our clinical team and providing direct patient care services with skills that are clinically sound, effective and achieve exceptional patient outcomes.
- Working with medical colleagues at the Golisano Children's Hospital at Strong
- Teaching students, residents and fellows in the clinical setting.
- Integrating innovative approaches to patient care.
- Working with the multidisciplinary team at the Bivona Child Advocacy Center.

Qualifications

Required

- Medical Degree
- Completion of three-year pediatric or four-year medicine-pediatric residency training program with corresponding board certification
- Training and experience in Child Abuse Pediatrics

Preferred

- BC/BE Child Abuse Pediatrics
- BC/BE in Pediatric Hospital Medicine, or Pediatric Emergency Medicine

Please contact Ann Lenane ann.lenane@urmc.rochester.edu with questions or interest in this position

Outpatient Child Abuse Physician Specialist | ☐ Vancouver, WA

Seeking 1.0 FTE (M-F 40 hours a week) Outpatient Child Abuse Physician Specialist for Legacy Salmon Creek Child Abuse Assessment Team in Vancouver, WA.

www.legacyhealth.org | Career Portal, Requisition ID: 24-36184

Legacy is committed to delivering comprehensive family-centered care with compassion and excellence in a culture that values diversity.

Role includes:

- Medical evaluations of children for suspected abuse and neglect.
 - Takes appropriate histories, performs physical examinations, takes photographs of physical findings, obtains needed cultures, lab tests, and imaging studies.
 - Performs overall health screenings with referral and follow-up.
 - Enters into the electronic medical record, detailed, legally acceptable reports of medical evaluations with sign-off and charge entry and accurate coding in timely manner.
 - Includes diagnostic findings and treatment recommendations.
-
- Works in cooperation with other professionals in providing assessments for suspected abuse.
 - Makes appropriate contacts with outside agencies to ensure understanding of relevant historic information.
 - Debriefs in a timely manner to develop cooperative plan for follow-up.
 - Participates in peer review and quality assurance exercises.
 - Requests peer review on cases that pose diagnostic problems.
 - Telephone consultations to professionals on medical aspects of suspected abuse.
 - Engagement with five county multi-disciplinary teams for coordinated child abuse response.
 - Promotion of community awareness of child abuse issues through educational programs.
 - Promotes community partnerships and program development regarding child abuse.
 - Expert testimony when subpoenaed to depositions or trials on cases.
 - Integrates current research into court testimony and is available as a resource for other staff preparing for court.
 - Attends professional training for child abuse medical providers.
 - Takes initiative to research and share new information on this specialty.
 - Seeks input from others on own work.
 - If inpatient work is of interest, can be discussed.
 - Follows guidelines set forth in Legacy's Values in Action.

QUALIFICATIONS:

As a condition of hire and throughout employment, role requires child abuse background checks (conducted pre-hire and every three years) through the DHS Child Abuse registry check. This requires a signed release and authorization. The background check includes a search of systems for any history of abuse or neglect of a child. If a record exists, findings will be reported back to CAAT and findings will be addressed in accordance with program policies.

Equal Opportunity Employer/Vets/Disabled. Sorry, unable to offer J1 or H-1B visa opportunities.

Pediatric Child Abuse Pediatrician | South Carolina

The Department of Pediatrics at the Medical University of South Carolina (MUSC) is seeking a Pediatric Child Abuse Pediatrician at the Associate Professor or Professor level to serve as the Division Chief to the Division of Child Abuse Pediatrics. Currently the Division includes one faculty member, one fellow, seven advanced practice providers and many other support staff and PSANEs.

The MUSC Child Abuse program is recognized throughout the community for its expertise. It provides consultation for clinics at MUSC Health in downtown Charleston as well as MUSC Health outreach clinics, the Dee Norton Lowcountry Children's Center and the Dorchester Children's Center.

- Candidates must be board eligible or certified.
- Candidates must have or be eligible for a South Carolina Medical License.

Responsibilities will include patient care, teaching, research work, administration, institutional service, and professional development. Physician duties include the supervision of the clinical nurse specialists in addition to coordinating care with a multi-disciplinary team. MUSC serves as a regional center with a full complement of pediatric sub-specialists.

MUSC is the premier medical center and academic teaching hospital in South Carolina and the only quaternary referral center for children in the state. We are located in Charleston, a beautiful and historic but cosmopolitan city on the Atlantic Coast. MUSC and the Department of Pediatrics both have an impressive record of recent growth. The MUSC Shawn Jenkins Children's Hospital opened in 2020. This 250-bed state-of-the-art building has transformed how care is delivered to children in South Carolina.

The city of Charleston has been ranked the best city in America by multiple publications and travel sites. The Charleston community is family-friendly with excellent neighborhoods and schools, access to numerous cultural and outdoor activities, and easy transportation.

Child Abuse Pediatrician | WI

The Child Advocacy and Protection Services team at Children's Wisconsin and The Medical College of Wisconsin are thrilled to announce that our large program, currently with 6 child abuse pediatricians and 17 Advanced Practice Providers, has a posting for a new board eligible/board certified CAP--an immediate start date available.

Our program is robust from the advocacy, research, clinical, education, and community perspectives. We have an active research program (including an embedded nurse Ph.D. researcher, study design and statistical support), close relationships with the community and with state government, an ACGME-accredited fellowship program, and multiple venues to educate learners (residents, APP students, fellows, child welfare, law enforcement, and many others).

Our clinical activities include a foster care medical home program, a busy hospital-based consult program, a pediatric RN-staffed SANE program, and nine CACs throughout eastern Wisconsin. We have created a team of eight APPs who will provide 24/7/365 in-person availability of APPs to our hospital-based and outpatient services. We currently have an amazing fellow (Dr. Kristin Belsaas), with an ACGME accredited fellowship that permits one fellow every three years. We pride ourselves on particular attention to life-work harmony, and Milwaukee is a fabulous place to live, play, and work—lots of outdoor activities, a vibrant, diverse culture, multiple major sports teams, and, yes, beer, brats and cheese!

The position is described below, and you can learn much more by visiting the websites. Please reach out to me, Dr. Narang (snarang@mcw.edu), if you have any questions.

MCW's position announcement: The Department of Pediatrics at the Medical College of Wisconsin (MCW) and Children's Wisconsin (CW), seeks a board certified / board eligible physician to join our expanding Child Advocacy and Protection Section at the Assistant Professor rank. We are comprised of nationally and internationally renowned, dedicated group of faculty and staff with a strong commitment to clinical care. Additional information regarding Child Advocacy and Protection Services can be found at Child Advocacy and Protection | Pediatrics (mcw.edu) and Child Advocacy and Protection Services (childrenswi.org).

Position Requirements:

- Candidates should be board certified or eligible in Child Abuse Pediatrics
- Strong preference for candidate at the assistant professor level, but other qualified, senior academic-rank applicants will be considered as well
- MCW is committed to the principles of diversity, equity, and inclusion. We particularly encourage those who are under-represented in medicine to apply

To submit your application, please visit: <https://www.mcw.edu/Human-Resources/Career-Opportunities.htm>

General Pediatric Physician | Charlotte, NC

Atrium Health Seeking Levine Children's Academic General Pediatric Physician- Charlotte, NC

Atrium Health Levine Children's is seeking a board-certified Pediatrician to join the Division of Academic General Pediatrics, part of Children's Services which includes Levine Children's Hospital (LCH). Ranked as one of the top Children's Hospitals by U.S. News and World Report in eight specialties for 2022-2023, LCH is the most comprehensive children's hospital between Atlanta and Washington, DC. This physician will provide care for the rapidly growing community in Charlotte, NC, at our Myers Park Pediatrics location and with our Child Protection Team. All our pediatricians are board-certified and offer complete pediatric medicine for children from newborn to 18 years old.

- Myers Park Pediatrics: the primary ambulatory teaching site for LCH pediatric residents and for students at the Charlotte campus of Wake Forest University School of Medicine. In addition, the practice is the largest safety net pediatric practice in Mecklenburg County. There are 7 faculty physicians and 5 advanced practitioners in the practice.
- Child Protection Team: 3 full-time Child Abuse pediatricians and 3 advanced practitioners. The program provides ambulatory services at 4 regional Child Advocacy Centers and inpatient consult services at LCH.

Position Details:

- Office Hours: Monday – Friday
- 60% with Myers Park Pediatrics (Outpatient) and 40% with Child Protection Team (Inpatient and Outpatient)
- Average Daily Patient Volume: Myers Park Pediatrics (8-12 per shift) and Child Protection Team (2-3 per shift)

Candidate Qualifications:

- Two or more years of experience in general academic pediatrics in an ambulatory setting required.
- Board Certification in General Pediatrics required and Board Certification or Board Eligible in Child Protection preferred; if not Board Certified or Board Eligible in Child Protection, then 5

years of Child Protection experience required; eligible for North Carolina Licensure also required.

Interested candidates should contact:

Pediatric Medical Director | Falls Church, VA

Inova Health System is seeking a BE/BC Pediatrician that specializes in Child Abuse. This position would be located in Falls Church, VA conveniently located right outside of Washington, DC. The ideal candidate would have experience in all forms of child maltreatment and be a board-certified child abuse pediatrician to serve as a Pediatric Medical Director of the Forensic Assessment and Consultation Team. A strong commitment to collaboration and quality is essential for this position.

Position Details: This position would be a part of a team consisting of forensic nurse examiners, clinical manager, director, practice manager, executive director, adult medical director, and medical assistant. Responsibilities include forensic evaluations and consultation in child physical abuse and neglect, supervision of forensic nurse examiners, providing education to colleagues, medical students and community partners, and collaborate with community partners and multidisciplinary teams. This position requires you to participate in quality informatics, policy review including standing orders, provide peer and expert review of forensic examinations, be available by phone to assist with patient care for deviations from standing orders.

About Inova: The Inova Ewing FACT Department addresses the unique needs of abused children and adults in Northern Virginia. Our team provides care to over 1,000 patients a year. We serve all counties in Northern Virginia including military installations. This includes adult and pediatric physical and sexual abuse, domestic and intimate partner violence, strangulation and

human trafficking. We offer expert medical evaluation, forensic evidence collection and provide expert interpretation based on training and experience. Our program provides inpatient consultations at the Inova Fairfax Hospital complex that includes the Inova Fairfax Hospital for Children. Outpatient consultations occur at our four clinics located in Alexandria, Vienna, Falls Church, and Leesburg, Virginia. Our forensic nurse examiners provide 24/7 coverage for sexual assault and abuse, DV/IPV and strangulation cases. We work closely with local child advocacy centers and multidisciplinary teams to ensure seamless patient care.

As Northern Virginia's largest non-profit healthcare provider and the region's most recognized for excellence, Inova's 20,000 team members provide more than two million patient visits each year through an integrated network of hospitals, primary and specialty care practices, emergency and urgent care centers, outpatient services, and destination institutes.

If you are interested in learning more about this position, please contact Alexa Danza at Alexa.Danza@Inova.org

General Pediatrics/Child Abuse Pediatrician | Richmond, VA

The Division of General Pediatrics at the Children's Hospital of Richmond at VCU is seeking a full-time Child Abuse Pediatrician to join our Child Protection Team (CPT). The CPT at the Children's Hospital of Richmond (CHoR) at Virginia Commonwealth University participates in inpatient and outpatient clinical care, teaching medical students, residents, and statewide community partners, collaborating with multidisciplinary teams in Central Virginia, providing leadership on committees and legislative advocacy at a state government level, and pursuing scholarly research with multiple departments at the University including surgery and radiology. The CPT is part of a nationally accredited Child Advocacy Center with Greater Richmond Stop Child Abuse Now (SCAN) which is located within a few miles from CHoR and serves multiple jurisdictions in Central Virginia.

The CPT was founded in 1992 and is comprised of a child abuse pediatrician and three pediatric nurse practitioners. All pediatric interns participate in a four-week rotation with the

team and fourth-year medical students participate in a one-month elective with the team. The team provides care for 850 children per year between inpatient and outpatient consults and external reviews.

The CPT provides coverage to the CHoR pediatric emergency department 24/7 for acute sexual assaults to perform evidence recovery in person and provides telephone consultation and evaluation recommendations for suspected abuse cases in our emergency department and community healthcare settings. Our inpatient consult population includes the emergency department, the pediatric intensive care unit, newborn nursery, and Evans-Haynes Burn Unit. Our outpatient clinic includes acute evaluations, follow up exams, and foster care placement evaluations.

Other responsibilities for this position include research/quality improvement activities, provision of expert testimony in criminal and civil cases, and the coordination of ongoing statewide educational programs for professionals on the recognition and evaluation of child abuse and neglect in the clinical and nonclinical setting.

Successful candidates must be Board Certified or eligible in Child Abuse Pediatrics.

Interested candidates should apply online at <https://vcu.csod.com/ux/ats/careersite/1/home/registration/3830?c=vcu>

Child Abuse Pediatrician | Birmingham, AL

The University of Alabama at Birmingham Department of Pediatrics is seeking to hire a physician for the Child Abuse Pediatrics Division (CAP). This is a newly approved clinical faculty position providing direct patient care, as well as responsibility for teaching. Additionally there are opportunities for clinical research based on the interest of the faculty member. The full-time academic position is open to a physician who is trained in child abuse or in general pediatrics with a strong interest in child abuse.

The Department of Pediatrics has a strong record of academic achievement and provides education to pediatric residents, medical students, and numerous subspecialty fellows via electives, lectures, and other clinical experience. The UAB Child Abuse Pediatrics Division has an active clinical & academic program providing medical consultative services for more than half of the state. The division provides inpatient and outpatient consultations at the Children's of Alabama, a private, non-profit children's hospital (332 beds) which is a Level 1 Trauma Center and is the only free-standing children's hospital in the state with a complete complement of subspecialty services. The new faculty member will join an established team consisting of the following: 1 full-time MD, 1 full-time NP, 2 part-time MDs, and 1 part-time NP. In addition, there is a large full service pediatric SANE program providing 24/7/365 service for pediatric assault victims in the ED. Outpatient consultations are seen in the CHIPS Center (Children's Hospital Intervention & Prevention Services) immediately adjacent to the hospital. The CHIPS Center is part of the CAP Division and includes 2 social work case managers, a PSANE RN, and several counselors providing counseling and community child abuse preventative services in addition to the medical services. The CHIPS Center is the primary medical resource for 18 of the 35 child advocacy centers in Alabama.

Birmingham is a thriving metropolitan city with a population over 1 million with award winning restaurants, arts scenes, charming neighborhoods, and many outdoor parks and entertainment spaces. Birmingham is well located in the Southeast with easy access to lakes, mountains, and gulf beaches.

The ideal candidate will qualify for an appointment at the assistant or associate professor level within UAB and will be a MD, DO, or MD/PhD who is licensed or eligible for licensure in Alabama. UAB offers competitive salaries along with comprehensive benefits package. Rank, salary and tenure status will be commensurate with the experience of the candidate and will consist of a guaranteed salary as well as a generous incentive plan linked to productivity.
