Winter 2020 • VOL. XXVII, NO. 1

Professional and Systems Issues

Availability and utility of peer review and emotional support for paediatricians involved in safeguarding in the UK. Richardson M, Josty T. *Child Abuse Rev.* 2019; 28: 152-158. <http://doi.org/10.1002/car.2553>

Effects of a computerised guideline support tool on child healthcare professionals' response to suspicions of child abuse and neglect: a community-based intervention trial.

Konijnendijk AA, Boere-Boonekamp MM, Haasnoot ME, Need A

. *BMC Medical Informatics Decision Making*

. 2019

;

19

;

161

. <http://doi.org/10.1186/s12911-019-0884-y>

Enhancing capacity for trauma-informed care in child welfare: impact of a statewide systems change initiative. Connell CM, Lang JM, Zorba B, Stevens K. *Am J Community Psychol* . 2019; <http://doi.org/10.1002/ajcp.12375>

Implementation of the Dutch expertise centre for child abuse: descriptive data from the first 4 years. van Rijn RR, Affourtit MJ, Karst WA, et al. *BMJ Open.* 2019; 9: e031008. <http://doi.org/10.1136/bmjopen-2019-031008>

Quality improvement initiative to improve abuse screening among infants with extremity fractures. Deutsch SA, Henry MK, Lin W, et al. *Pediatr Emerg Care.* 2019; 35: 643-650. <http://doi.org/10.1097/PEC.0000000000001671>

Accidents

Traumatic brain injuries in a paediatric neurosurgical unit: a Queensland experience. Stephens S, Campbell R, Chaseling R, Ma N

.
J Clin Neurosci

.
2019

;
<http://doi.org/10.1016/j.jocn.2019.09.008>

Child Fatalities

Noncardiac genetic predisposition in sudden infant death syndrome. Gray B, Tester DJ, Wong LC, et al. *Gen et Med*

.
2019

;
21
:
641-649

.
<http://doi.org/10.1038/s41436-018-0131-4>

Domestic Violence

Improving the healthcare response to domestic violence and abuse in primary care: protocol for a mixed method evaluation of the implementation of a complex intervention.

Sohal AH, Feder F, Barbosa E, et al

.
BMC Public Health

.
2018

;

Foster Children

Child, family, and case characteristics associated with reentry into out-of-home care among children and youth involved with child protection services. Brown SM, Orsi R, Chen PCB. *Child Maltreat*. 2019; <http://doi.org/10.1177/1077559519869395>

Imaging and Laboratory

Feasibility and accuracy of fast MRI versus CT for traumatic brain injury in young children. Lindberg DM, Stence NV, Grubenhoff JA, et al. *Pediatr*. 2019; <http://doi.org/10.1542/peds.2019-0419>

Pediatric postmortem computed tomography: initial experience at a children's hospital in the United States. Gould SW, Harty MP, Givler NE, et al. *Pediatr Radiol*. 2019; 49: 1113-1129. <http://doi.org/10.1007/s00247-019-04433-1>

Neglect

Evaluation of drug-endangered children: the yield of toxicology and skeletal survey screening. Howell S, Bailey L, Coffman J. *Child Abuse Negl*. 2019; 96: 104081. <http://doi.org/10.1016/j.chiabu.2019.104081>

Other Items of Interest

Self-reported medical and nonmedical cannabis use among pregnant women in the United States. Volkow ND, Han B, Compton WM, McCance-Katz EF. *JAMA*. 2019; 322: 167-169 . <http://doi.org/10.1001/jama.2019.7982>

Types of substance use and punitive parenting: a preliminary exploration. Freisthler B, Kepple NJ . *J Soc Work Pract Addict* . 2019 ; 19 : 262-283 . <http://doi.org/10.1080/1533256X.2019.1640019>

An intergenerational investigation of the associations between parental marijuana use trajectories and child functioning. Epstein M, Bailey JA, Furlong M, Steeger CM, Hill KG. *Psychol Addict Behav* . 2019 ; <http://doi.org/10.1037/adb0000510>

Histological dating of subarachnoid hemorrhage and retinal hemorrhage in infants. Delteil C, Kolopp M, Capuani C, et al . *Forensi Sci Int* . 2019 ; 303

:
109952

.
[http://doi.org/
10.1016/j.forsciint.2019.109952](http://doi.org/10.1016/j.forsciint.2019.109952)

Physical Abuse

Infant burns: a single institution retrospective review. Brink C, Isaacs Q, Scriba MF, et al. *Burns*

.
2019;
45

:
1518-1527

.
[http://doi.org/
10.1016/j.burns.2018.11.005](http://doi.org/10.1016/j.burns.2018.11.005)

Prevention and Resilience

National risk factors for child maltreatment after trauma: failure to prevent. Parreco J, Quiroz HJ, Willobee BA, et al

.
Am Surg

.
2019

;
85

:
700-707

Systematic review of community- and home-based interventions to support parenting and reduce risk of child maltreatment among families with substance-exposed newborns.

West AL, Dauber S, Gagliardi L, et al

.
